IBM Cloud Services

The screenshot displays the IBM Cloud Dashboard interface. At the top, there is a navigation bar with the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (VIJAYALAXMANASEN A). The main content area is titled "Dashboard" and features a "For you" section with several tiles:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services.
- Explore IBM Cloud Shell**: Try a command-driven approach for creating, developing, and deploying a web project. (Getting started: 2 min)
- Create and deploy an application**: Browse our starter kits, and then select one to jump start the process to create and deploy your app. (Getting started: 5 min)
- Visit the IBM Cloud catalog**: Explore our unique product catalog that contains 190+ services and software for your business solutions. (Getting started: 1 min)
- Get started with Kubernetes**: Contains... way to package apps, and their dependencies, to allow seamless movement between environments. (Recommended: 30 min)

On the right side, a user profile dropdown menu is open, showing options: Profile, Log in to CLI and API, Privacy, Change theme, and Log out.

At the bottom, there are sections for "User access" (Manage users), "News" (IBM Tech Now: November 7, 2022; Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS), and "Planned maintenance" (View all). A Windows activation watermark is visible in the bottom right corner.
